Business Model & Partnerships

Beyond Kanazawa is a for-profit business operated by Shin Nihon Tourist Co., Ltd. We collaborate with local tour operators, experience providers, and hospitality services throughout Kanazawa, Ishikawa, and neighboring regions including Gifu, Toyama, and Fukui.

Some of the tours and services available on our website and booking platform are offered in partnership with third-party providers. In these cases, Beyond Kanazawa may receive a commission or referral fee for bookings made through our platform. These fees support the

maintenance of our website, customer service operations, and our ongoing promotion of authentic, locally rooted travel experiences.

Our recommendations are based on quality, customer satisfaction, and cultural relevance—not solely on financial arrangements. We carefully select partners who uphold high standards in service, safety, and regional authenticity.

For any questions about our partnerships or how we earn revenue, please feel free to contact us at **bookings@beyondkanazawa.com**.
